(Lampasas) - The City of Lampasas received approval Feb. 2 for a \$400,000 Texas Parks and Wildlife grant that will go toward the construction of an athletic complex, the first phase in the city's plans for a full recreation center. The plan will include two baseball fields, two soccer fields, a hike-and-bike trail and a small pavilion and playground area. Construction isn't expected to begin until the end of this year or the beginning of next year. City Manager Michael Stoldt said the city plans to add additional baseball and soccer fields in the future. Nearly two years ago, the city purchased a 173-acre tract of land that would be the site of the future recreation complex.
